- All programs must be completed by June 30, 2026. **There are no exceptions made to this policy.**
- The last day to book a program is Friday, June 12, 2026.
- Many resident programs are available in a virtual format. Sites should contact vendors to discuss their capability to do virtual programming.
- 15 business days/3-weeks prior approval by MassHousing/TAP is required for each resident program.
- Due to the high demand of some TAP resident programs, there are selected programs that can be used only once per TAP member site. This will allow for fair use by all the TAP member sites. Those selected programs state in the program description *"This program may be used only once per site."*
- All TAP programs and activities must be accessible to individuals with disabilities with reasonable accommodations being made when necessary. See next page under ACCOMMODATIONS.
- TAP encourages its members to book programs early in the year to ensure the widest choice of programs. Each vendor listed has limited availability.

Procedures for Site Staff

MassHousing requires that TAP Resident Program Requests be submitted 15 business days (3 weeks) prior to the scheduled program.

The Resident Program Request Form is an electronic fillable PDF at MassHousing.com/TAP. It must be completed by site staff and sent to the MassHousing TAP email (TAPresidentprograms@masshousing.com).

Staff of TAP member sites are responsible for meeting the approval requirement above, as well as for the administrative details outlined here:

- Select program and schedule a date and time directly with program vendor. The vendor will provide you with a one-time unique code that corresponds with the date and time you have selected. Document that code on the program request form on the line that reads “CODE.”
- Complete the remainder of the program request form and email to TAPresidentprograms@masshousing.com.
- Approval notification will come by email within 5 business days from MassHousing/TAP staff with a copy of the approved request.
- On program day, site staff will prepare space at the site as needed for the specific program, welcome and review logistics with program vendor.
- An adult staff from the site is **required** to be present for the duration of the TAP resident engagement program.
- Program vendor will bring MassHousing/TAP forms to be processed that day:

Program Attendance and Completion Form -

Residents and site staff fill out the attendance form and both site staff and vendor fill out and sign.

Program vendor will submit attendance and completion form along with vendor’s invoice to MassHousing/TAP.

Program Evaluations - Residents and/or site staff fill out individual evaluation forms. All evaluations are electronic through SurveyMonkey and will be sent to the site contact on the request form. Program evaluations help TAP staff to understand what is working well with TAP programs as well as opportunities for improvement.

Cancellation Policies

- Cancellation of a program by site staff must be at least three (3) days in advance. Otherwise, the program vendor will be paid for one visit and the site will be recorded as having used a single program.
- If a program series is cancelled due to poor attendance, the vendor will be paid for two visits and the site will be recorded as having used a series program. Note: When programs held as series have less than 10 participants after the second session, program vendor must seek MassHousing/TAP approval to continue the series.
- In the event of cancellation due to bad weather (i.e. rain, snow, etc.) or an on-site emergency (i.e. flood, fire, etc.) site staff and vendor will agree on new date

and provide TAPresidentprograms@masshousing.com with necessary information within 2 months.

Kathaka: Dancing Rhythm and Stories of India

The ancient art of Kathak is one of the eight forms of classical Indian dance. Its name comes from the Sanskrit word for “story.” Kathak dancers use swift and precise footwork and graceful gestures to tell traditional Indian stories. Through movement, music and math, Kathakas perform “Kathak Yoga” – a technique which unifies the recitation of taal (rhythm), the singing of a melody and the dancing of complex footwork and rapid spins. Participants will learn to count out complex poly-rhythms to help the dancer keep time and a few volunteers may learn some basic Indian dance steps.

Telling Your Life Story

Each of us has unique, captivating stories to be shared.

Those stories can be great gifts to our loved ones, friends, and strangers too. In this workshop we will use some wonderful prompts to evoke memories that are often buried in the “treasure box of our minds.” We will choose one of those memories to shape into a story through a series of engaging spoken and written exercises designed to bring out it’s essence. At the end of the session, those who wish to, will have the opportunity to share their creation. The emphasis is to bring out the creative and distinctive voice of each person. Participants will leave with one well crafted story to share and a proven template for telling many more.
